“Jerusalem: The Home in Our Hearts”

by

Saliba Sarsar

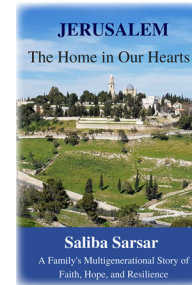

From the author: In *Jerusalem: The Home in Our Hearts*, I tell my family’s story by touching on Jerusalem’s history, identity, politics, religion, and spirituality. What evolves is a colorful, multi-dimensional, and nuanced image that integrates aspects of daily life, family and community connections, and aspirations in the midst of poverty, violence, and pain that span more than a century.
