

On April 1, 2012, our community held the Thyranixia (*Opening of the Doors*) for our new church of St. George. The move from Asbury Park was a historic event in the life of our community as we moved to a larger, more accessible location with room for growth and outreach. A church, however, also needs to be consecrated which only happens when the iconography is complete. Thus, under the guidance of His Eminence Metropolitan Evangelos of NJ, Father Andrew Eugenis, our Parish Council and our Iconography Committee, we continue on our path to glorify God and our Greek Orthodox faith by completing the **ICONOGRAPHY** of our beloved St. George Church.

After a detailed selection process, Georgios Giariskanis of Thessaloniki, Greece, has been selected as the iconographer for our three phase project. In this brochure you will learn about the phases and the icons that are available for sponsorship. Please take some time to study the items listed. If you are able to sponsor an icon or icons, please contact Anne Papageorge, Iconography Committee Chair, to discuss your thoughts.

We urge you to remember the gifts you have received and give back to our beloved Church of St. George.
