

Our New St. George Church Complex Construction Site - May 2010

Gymnasium walls up, roof on - can our first basketball game be far behind?

Banquet Facility - Concrete slab and structural steel finished

Administration/Education Building footings in, basement walls 90% finished

We thank everyone who has contributed to our Capital Campaign to date allowing us to accomplish what you see above. To continue construction un-interrupted, we need to raise an additional \$1M this year. Now is the time for every St. George parishioner to make their sacrificial gift so we can reach this lofty goal.
